Professional Summary

Front-end web developer with 10 years of experience creating responsive interfaces using HTML5, CSS, JavaScript, and other modern technologies. Passionate about web performance, UX/UI, and clean code. Seeking to join a team where I can continue to add value and grow professionally.

Education

Instituto Tecnológico de Veracruz, in Computer Systems Engineering – Veracruz, Ver 2011 – 2015

- Specialization in Web Development Technologies

Experience

Front end developer, Deux Estudio – Veracruz, Ver 2019 – 2025

- I developed attractive and functional websites using HTML5, CSS, and JavaScript, integrating various modern tools according to project needs. I participated in building interfaces for landing pages, online stores (e-commerce), dynamic forms, booking systems, and self-managed platforms using Laravel.

Web developer and technical support, Arroba.MX – Veracruz, Ver 2016 – 2019

- I developed manageable websites using CMS platforms like WordPress, applying HTML5, CSS, and JavaScript to create responsive and functional interfaces. I also provided technical support for setting up and managing business email accounts, ensuring operational continuity for clients.

Skills

Front-End: HTML, CSS, JavaScript, Astro, jQuery

Back-End: Node.js, Express, Laravel, n8n

CSS Frameworks: Bootstrap, Tailwind, Bulma

Databases: MySQL

Platforms: Git, GitHub, Plesk, cPanel, WordPress
